Currently Studying:

Assertive Black...Puzzled White by Donald Cheek, Ph.D. is said to be before it's time as it presents informative, honest and dynamic ideas about black vs. white questions currently facing America. Dr. Cheek connects the traumatic history of the past to the complex issues of the present by dealing with the psycho-historical effects of Jim Crow in America along with the "cultural residue" of segregation, prejudice and discrimination. Dr. Cheek keeps it real by speaking untold truths.

As the media continues to address the cultural differences, Dr. Cheek offers up his years of research compiled into a much needed study guide in Assertive-Black...Puzzled White. Dr. Cheek examines the roots of differences between black and white styles, thoughts and attitude; and he compares the diversities seen in oral and written communication, as well as in child rearing, marriage, family, education, churches, peer groups, music, humor and various aspects of "surviving" or "making it". Dr. Cheek gives just the right insight for the race issue of today-especially prevalent with a black President and First Lady-as an assertive black community is facing a puzzled white population.
